Williams Center Programming

Williams students will be available for academic support and extracurriculars after Oct 2. There will be no programming during Williams College vacations. Visit [http://web.williams.edu/admin/registrar//calendars/](http://web.williams.edu/admin/registrar//calendars/) for the Williams calendar.

Academic Support

at Mt Greylock

Williams Homework Fellows are available Monday, Tuesday and Thursday afternoons from 2:30 - 4:00 pm to mentor MG students in all academic subjects. While homework help is primarily geared towards students in grades 7-10, older students are most welcome. **NO FEE.**

Contact Marty Walter at [mwalter@mgrhs.org](mailto:mwalter@mgrhs.org) for more information or to sign-up.

at Williams

Williams students are available to provide high school students in grades 9-12 with homework help on **Tuesday evenings from 7 - 8:30 pm in Greylock Hall on the campus.** Mt. Greylock students must come with homework. **NO FEE.**

*Sign-up in Guidance. Please no drop-ins; space is limited.*

Private tutoring at Williams

Williams students are available for private tutoring in most subjects including SAT prep. Fee is $15/hr. paid directly to the Williams tutor. Scheduling is coordinated between MG students and Williams tutors and all sessions must take place in a public spot on the Williams campus.

*Please contact Kaatje White at kwhite@williams.edu for a list of recommended tutors.*

(OVER)
Extracurricular Activities for all grades
Led by Williams Students

**Model UN-**
Model UN is a student run organization dedicated to fostering collaborative, intellectual engagement amongst students centered around questions about international relations and conflict resolution more broadly. Facilitated by two co-directors from Williams College, the group members meet regularly to engage in simulations and prepare for Model UN conferences. Students participate on committees that tackle issues ranging from nuclear proliferation to Norwegian poverty. Our hope is for the program to endow students with reinforced capacities to work amongst their peers while thoughtfully and respectfully competing in preparation for tackling complex, multidimensional issues throughout their lives. This group meets Sundays at Williams. For more information contact Kaatje White at kwhite@williams.edu

**Writing-**
An enthusiastic team of Williams Fellows lead two after school writing groups on Tuesday afternoons. This creative, supportive group provides a consistent time and space for young writers to work on their craft, share their work, and learn from each other. The middle school group meets from 2:30 - 4:00 pm and the high school group meets from 3:45 - 5:00 pm, with time either before or after each session for homework in the library. Sign up with Liza Barrett in school or contact her at lbarrett@mgrhs.org. Sessions begin on September 27th.

**Leader in Technology (Lit.io)-**
Lit.io is an afterschool group that meets one-two days a week at Mt Greylock. Coding and robotics will be the focus of this year’s program and projects will be calibrated to the interest and levels of student participants. For more information contact Kaatje White at kwhite@williams.edu
